WageWorks Healthcare FSA with Grace Period

How It Works

Simply decide how much to contribute, and funds are withdrawn from each paycheck for deposit into your account before taxes are deducted. Your total annual election amount is available on day one of your plan year.

Be sure to estimate your annual healthcare expenses and make your contributions carefully. Any money left unspent in your Healthcare FSA at the end of a plan year is forfeited. Fortunately, you have a grace period of up to 2-1/2 months after your plan year ends during which you can spend down money left in your account.

HOW YOU USE IT

With a variety of payment and reimbursement options, your WageWorks Healthcare FSA is easy to use. The convenient WageWorks Healthcare Card associated with your account can be used to pay for hundreds of eligible healthcare products and services for you, your spouse, and your dependents.

HOW YOU MANAGE IT

Manage your account via a secure website on any computer or mobile device that's connected to the Internet or via the WageWorks EZ Receipts® app.

HOW MUCH YOU CAN CONTRIBUTE

You can contribute up to a maximum of \$2,500 to your WageWorks Healthcare FSA. This limit may change for 2018. A different limit may apply to you, according to your employer's plan.
